EXPERIENCE

Website Administrator, Volunteering

11/2019 – Present

Cambourne Timebank www.cambournetimebank.org.uk, Cambourne

Volunteering as a Website Administrator for Cambourne Timebank. My responsibilities include to take care of all aspects of the websites, starting from deciding on the Web hosting service, setup the website from scratch on WordPress, making Logo for Cambourne Timebank, good look and feel of the website and keeping it up to date with all the latest and relevant information. I had also setup SSL for the website.

I also take opportunities in my social network, wherever possible to apply my skills, either by implementation or by providing guidance. Some of these being working for a charities: Assistance in setting up website for Cambourne Electronics & Robotics Club, creation of poster for activities in HSS, consultancy and guidance for website setup of company in India , Prakash Sports. I also keep enhancing my skills and knowledge with joining various skill groups on MeetUp.com.

Pursuing Web Designer Career Programme
Training Dragon, London

4/2018 – Present

This comprehensive course is targeted to refresh my skills in the following areas:

1. **HTML5, CSS3, basic JavaScript** : This course explained how to create web pages from scratch using different techniques, such as HTML5, CSS3, basic JavaScript using professional tools and workflow, as well as following high coding standards. The complete course is hands-on based.

12. **SASS**: This SASS course explains how to use get, install and use SASS preprocessor for projects.

Teaching Assistant
Morley Memorial Primary School, Cambridge.

9/2016 – 4/2019

Since my children were very young, I started looking for some opportunities that would fit well with work and home life balance and decided to pursue job of teaching assistant. I learnt soft skills like team work, discipline, communication, leadership, confidence and a lot of patience. I prepared myself with a 'CACHE Level 3 Diploma in Supporting Teaching and Learning' from TA College and pursued the profession successfully here in UK.

Parental Leave - 2010 – 2016

Senior Programmer at ICT Embedded B.V. (now The ICT Group)

2/2008 – 7/2009
